

May 6, 2024

Dear Families and Staff,

I am writing to update you on a situation at Sheboygan Falls High School. The District has been made aware of allegations that a student teacher may have engaged in inappropriate conduct with a high school student.

As soon as the District became aware of the allegations, the District immediately placed the student teacher on administrative leave. Additionally, the District informed law enforcement officials. Local law enforcement officials are now investigating. Because the investigation is ongoing, we cannot share further details at this time. However, please know that we take this situation very seriously and are fully cooperating with the law enforcement investigation.

As always, the health, safety and well-being of our students remains the District's highest priority.

Thank you for your attention to this important update.

Sincerely,

Zach Pethan
Superintendent
